## **Sustainable Biofuels Supply Chains: From Feedstocks to Market Integrity**

CAMBI 2026 | 29 May 2026

# RSB's mission: Advance the just and sustainable transition to a bio-based and circular economy, focusing on hard-to-abate sectors

**Global, non-profit**

**180+ members**  
Industry, buyers, experts, NGOs

**Book and Claim Programme**  
(Aviation, Marine, Road, Green Steel/Iron)

**RSB Certification**  
EU RED, ICAO CORSIA, Voluntary

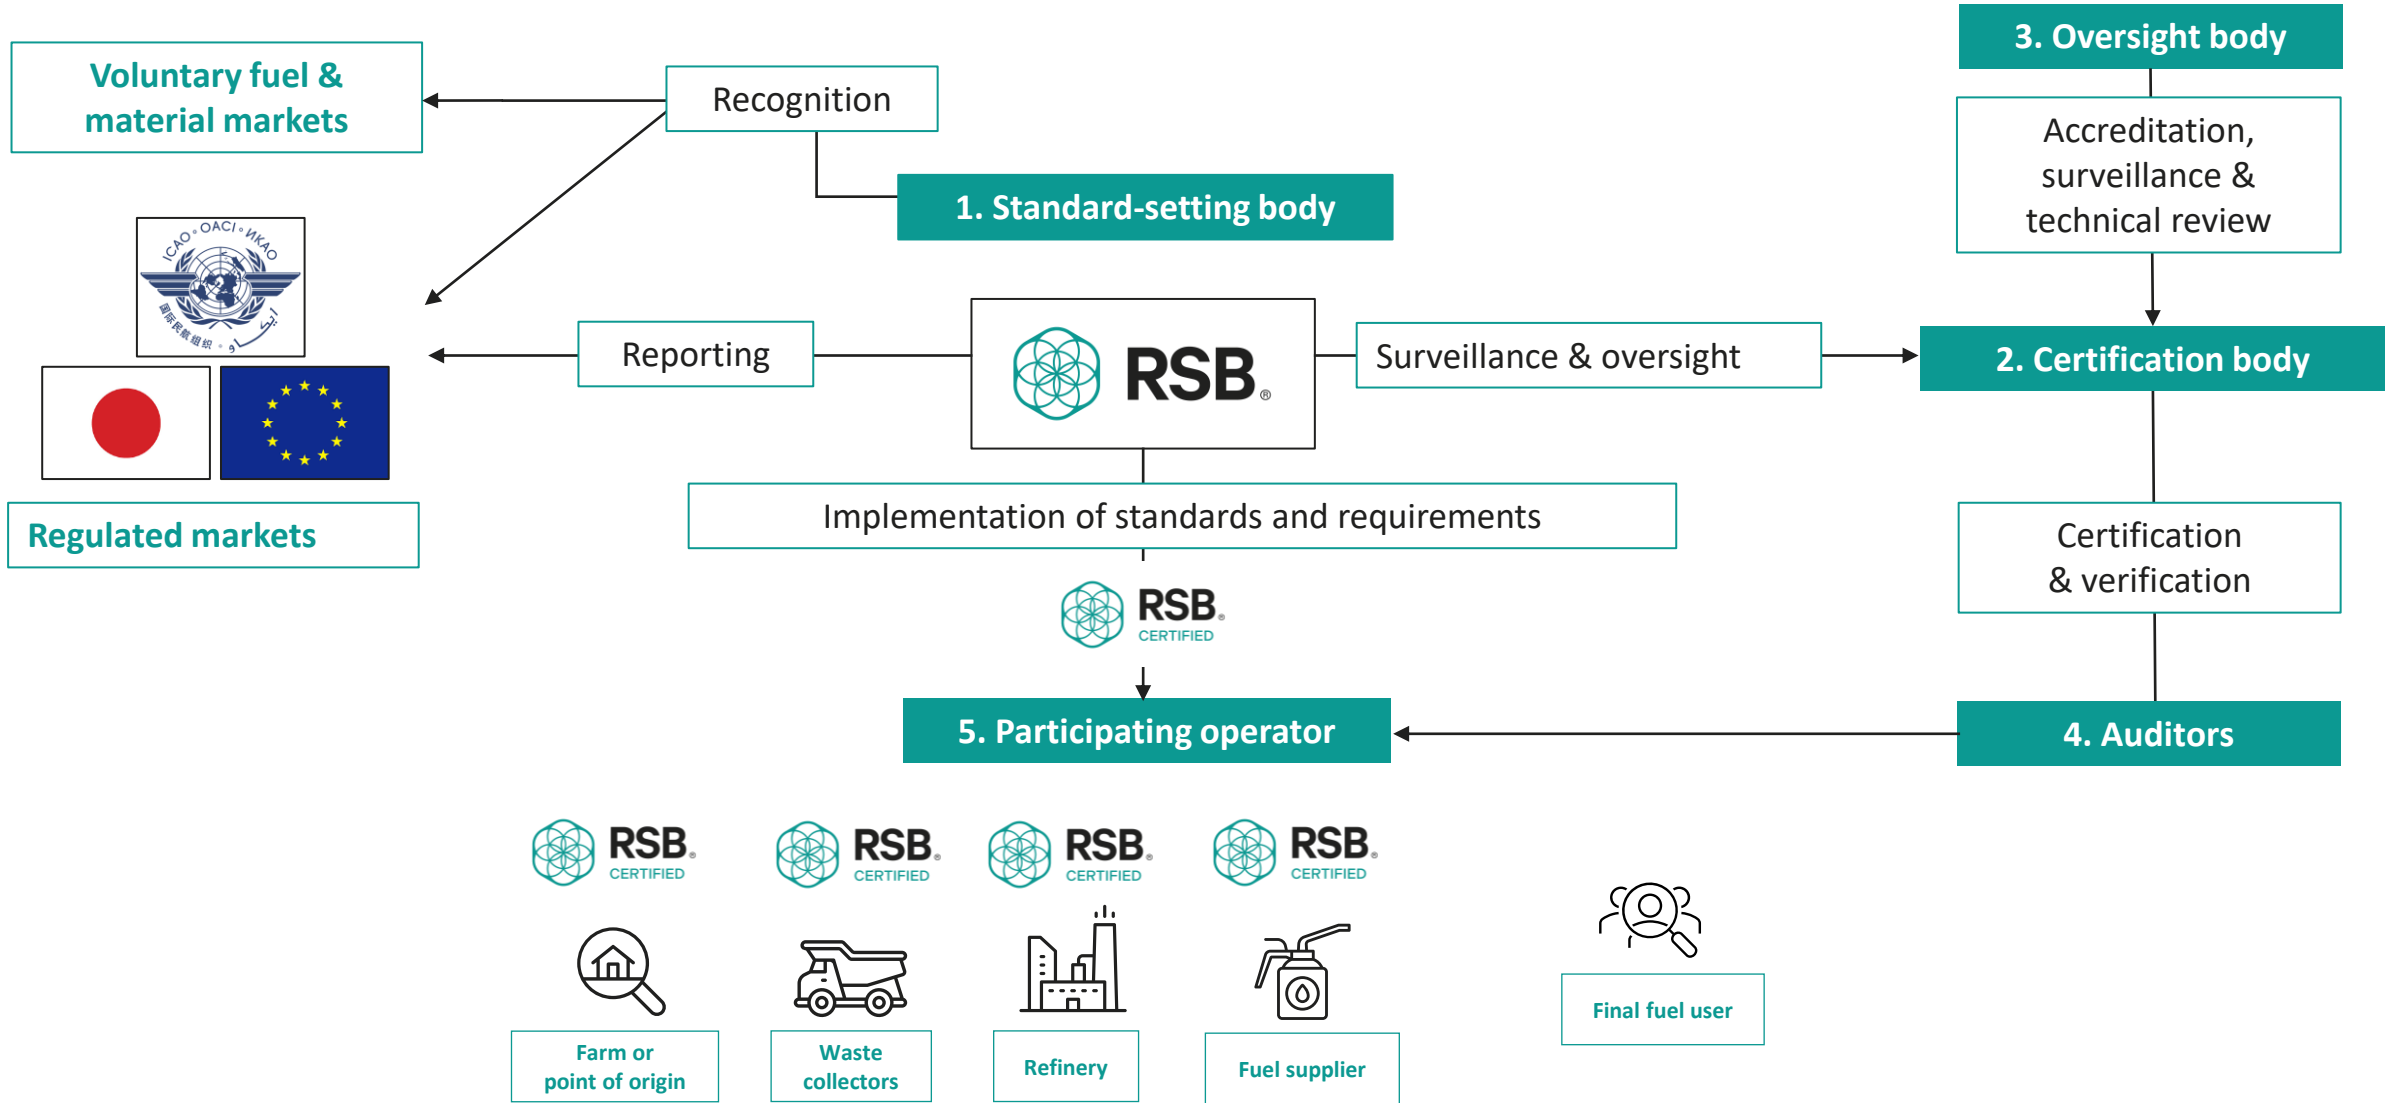

**Project & Partnerships**  
To support sectoral transition

# Feedstock agnostic and holistic approach to support creating a positive impact

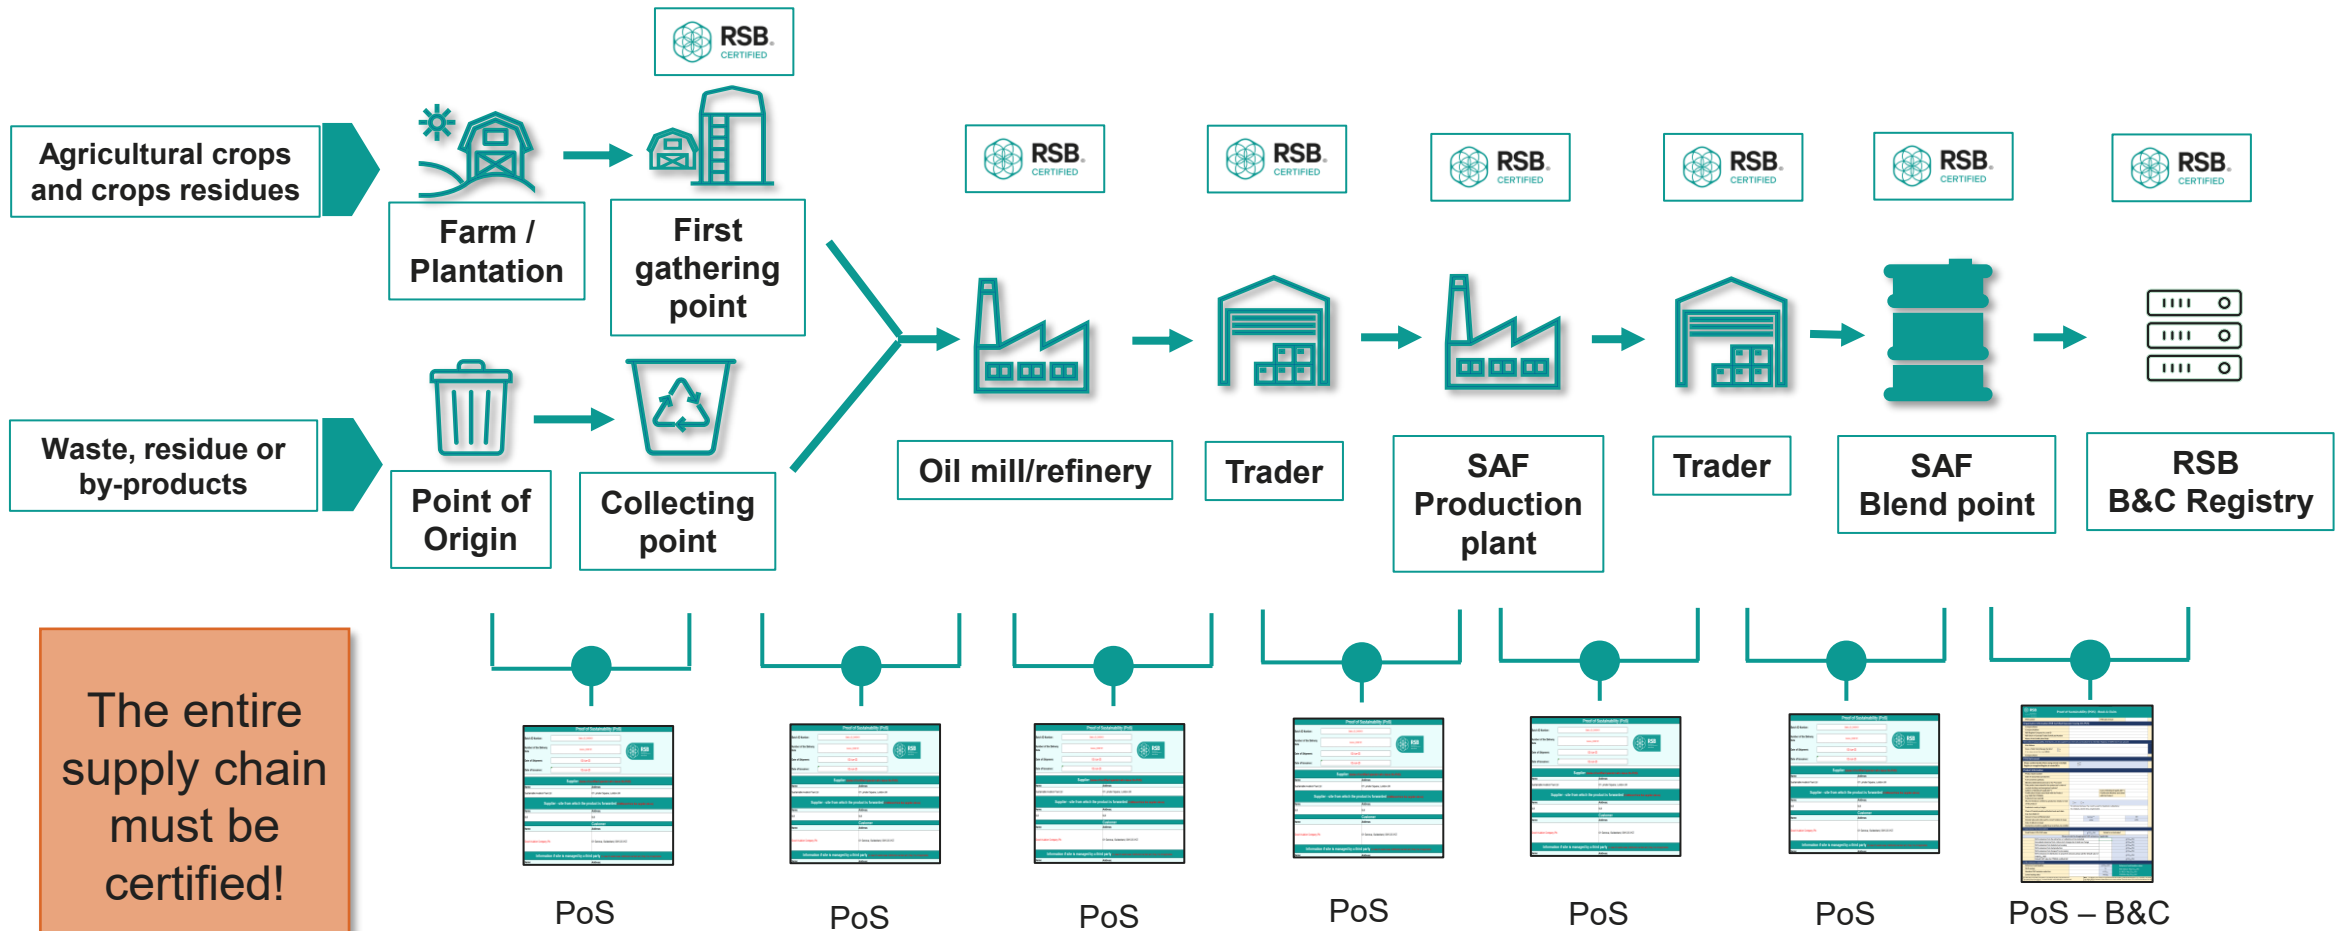

# The certification ecosystem

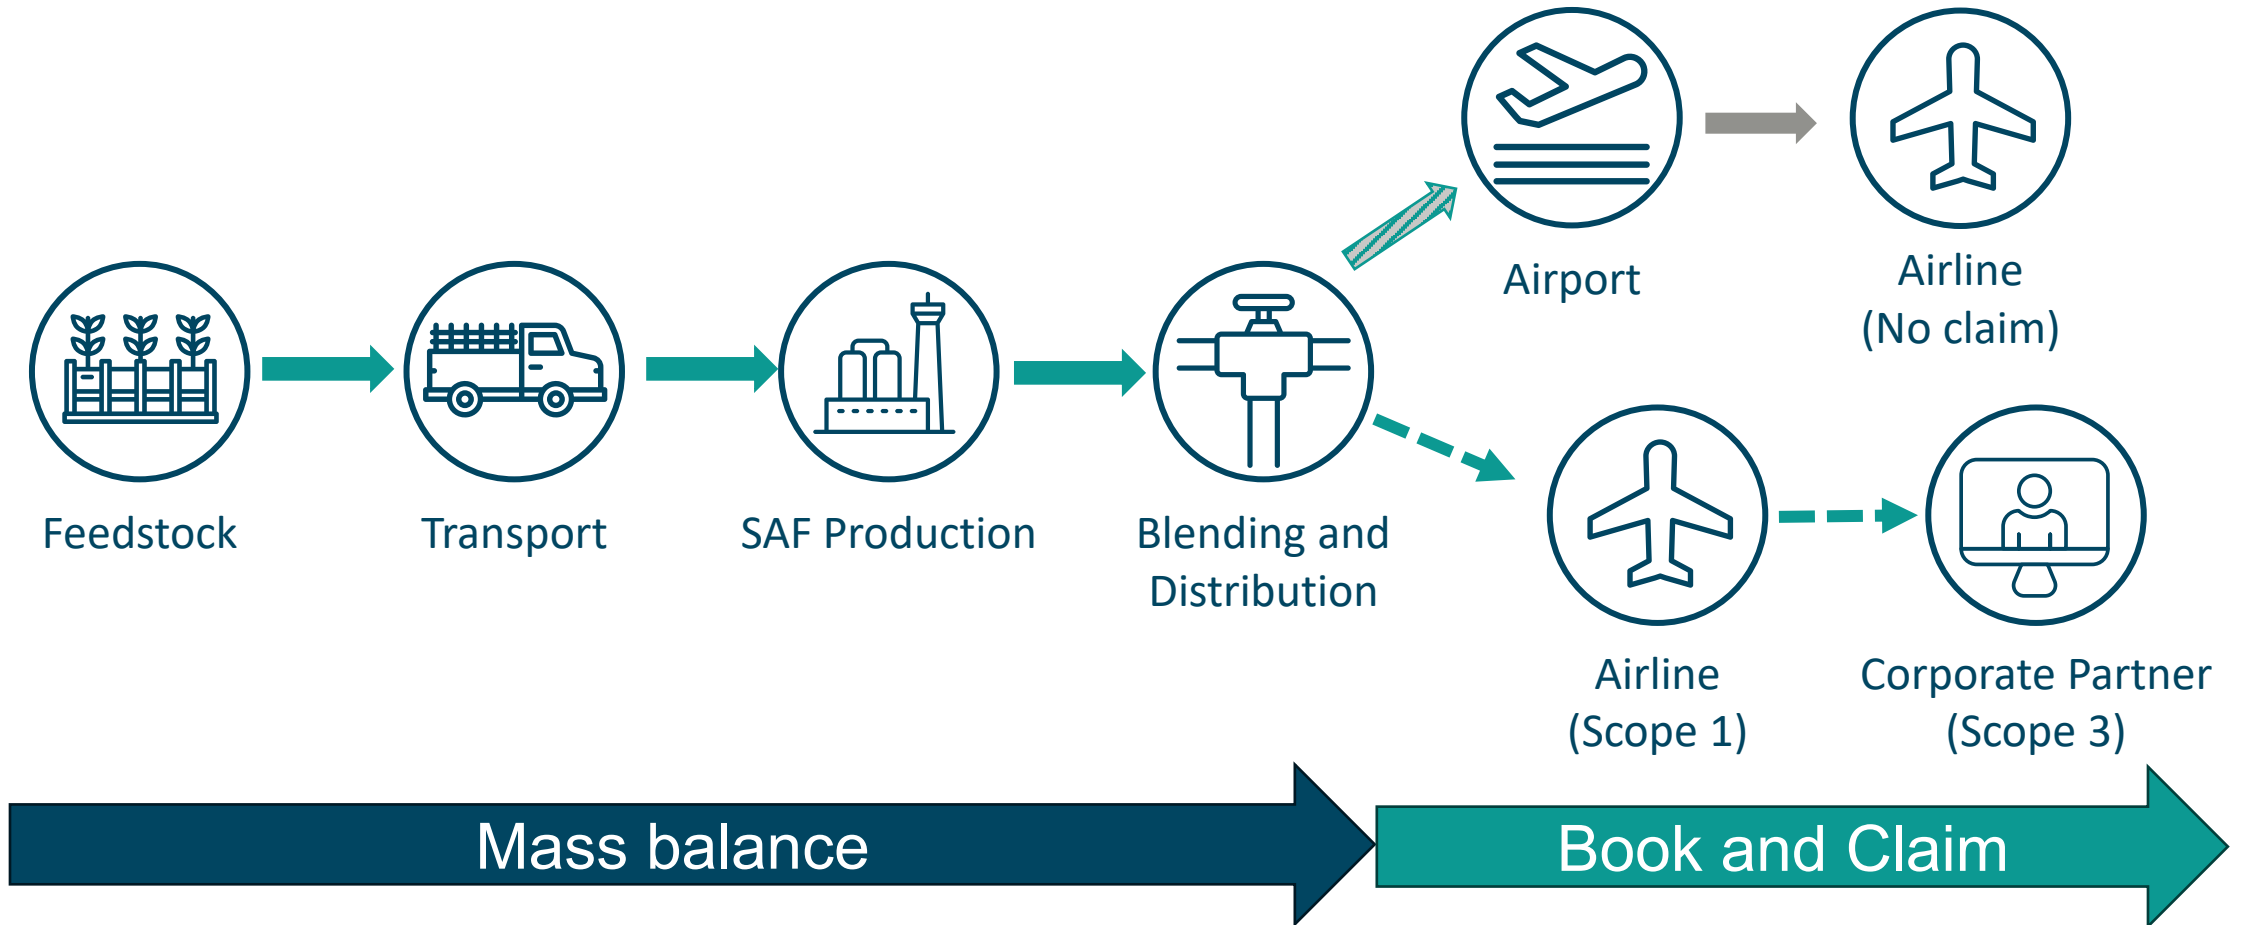

# Flow of Sustainability Information

Sustainability information (e.g. GHG emissions) is forwarded through the supply chain step-by-step.

# Market enabler: Book and claim

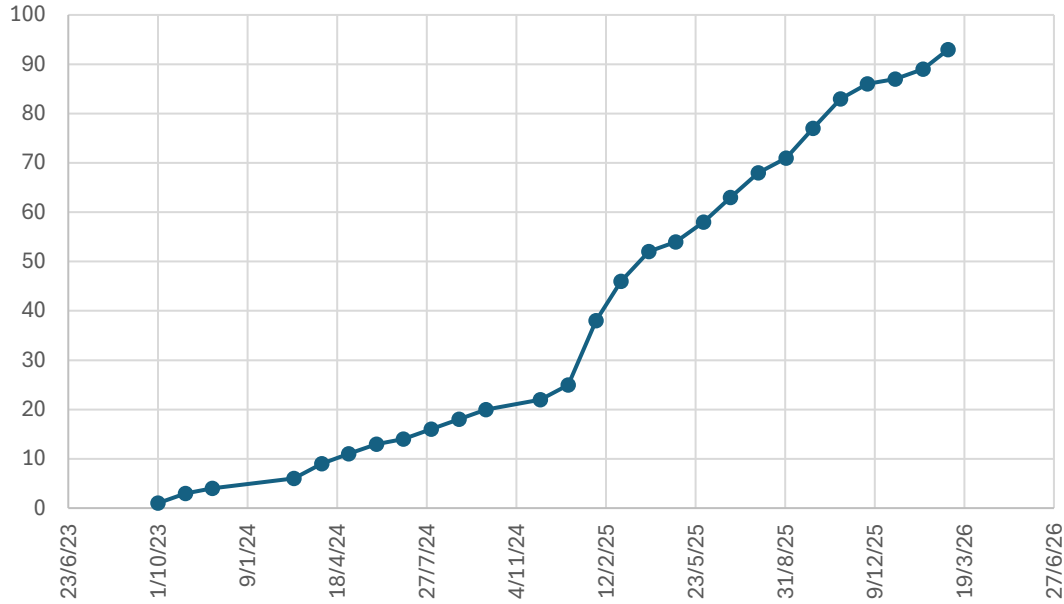

✓ Environmental attribute decoupled from the physical product and allocated to a willing buyer

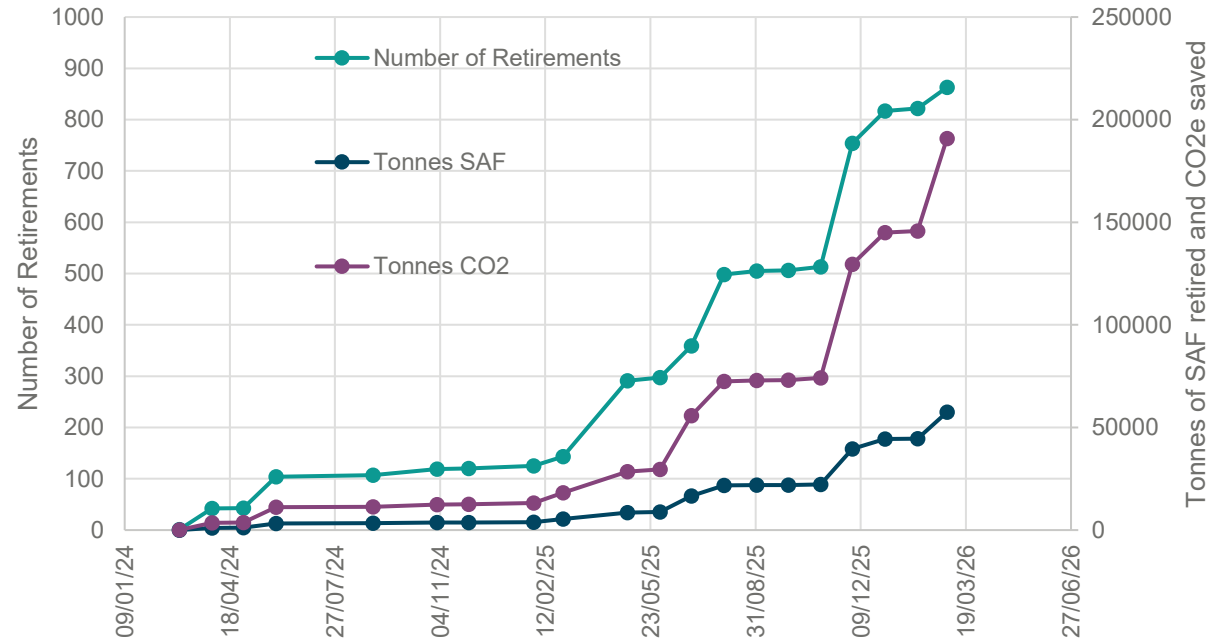

# Registry Stats

Accounts (cumulative)

Retirements (cumulative)

Almost **900 Retirement Statements** issued by (non-comprehensive):
